

Mr. C. to Marble Head -

You can imagine how my thoughts  
are always with my friend. The day I  
met you, I felt that you had important  
things to say to her - that was why I  
was so anxious to learn -

I do not like to write to her - to her  
home, as I feel that letters may be held  
up and delayed by misadventure or trouble -

So I am sending her a little time  
in your care - Will you have the  
great kindness to give it to her?

I am confident that all will be well -  
It was such a great pleasure to me  
to meet you -

All good wishes and best greetings  
(I expect to return to Hartford. my mother's place) -
